Homeowner Wants and Needs

General

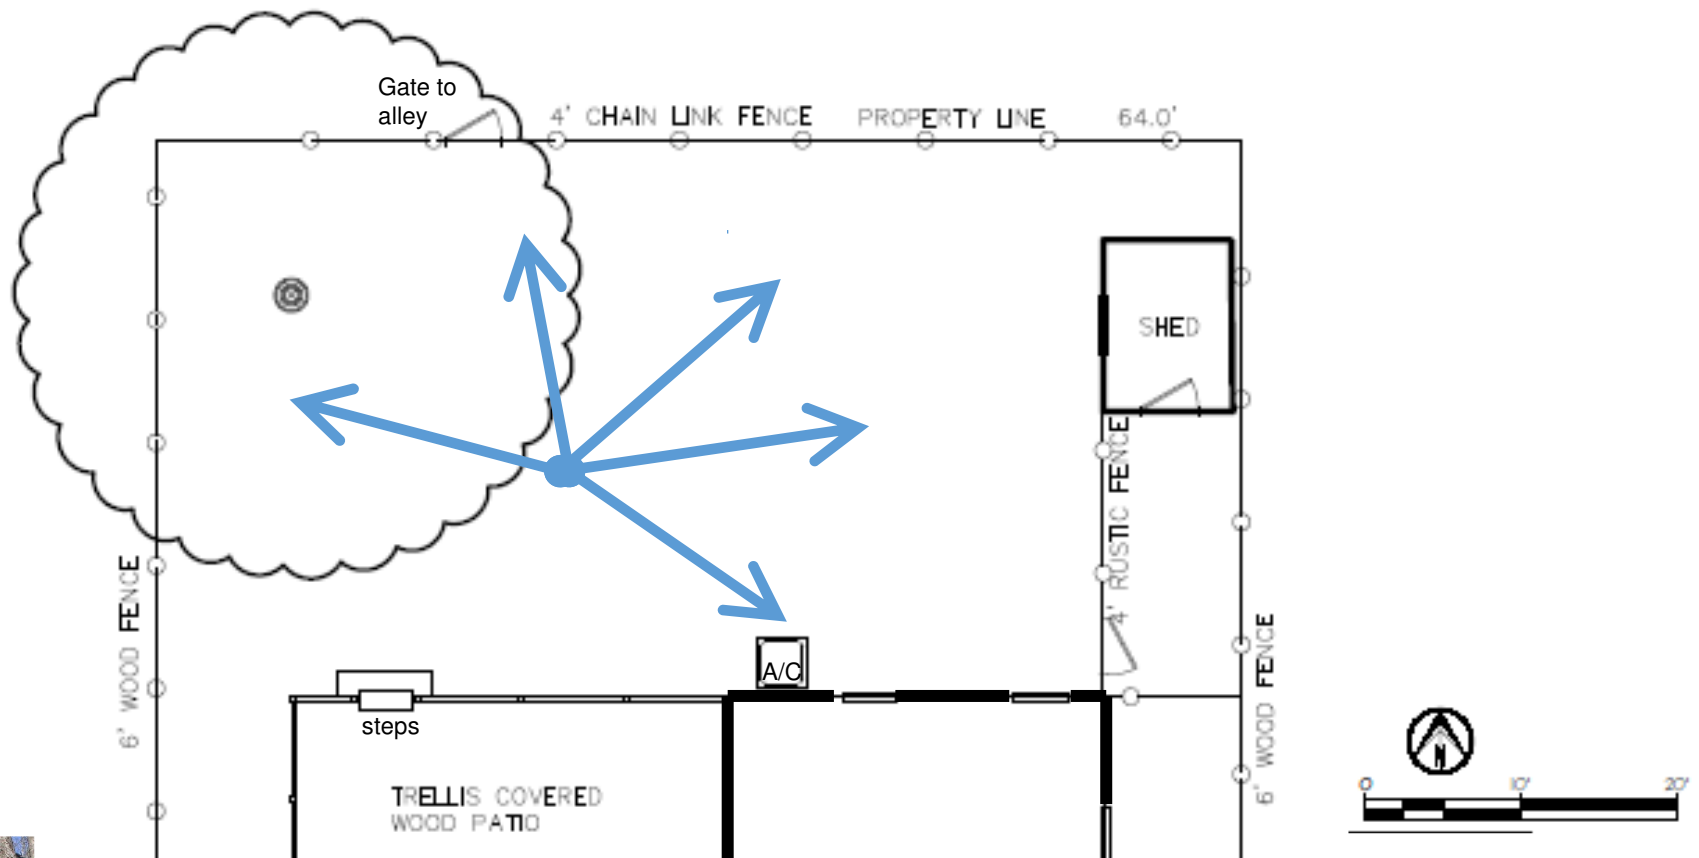

- Homeowner is an avid birder. Vacations are birding trips. She desires a backyard that attracts birds and pollinators.
- No outdoor pets; indoor-only cat
- No Homeowners Association
- Very active City Code enforcement

Back yard

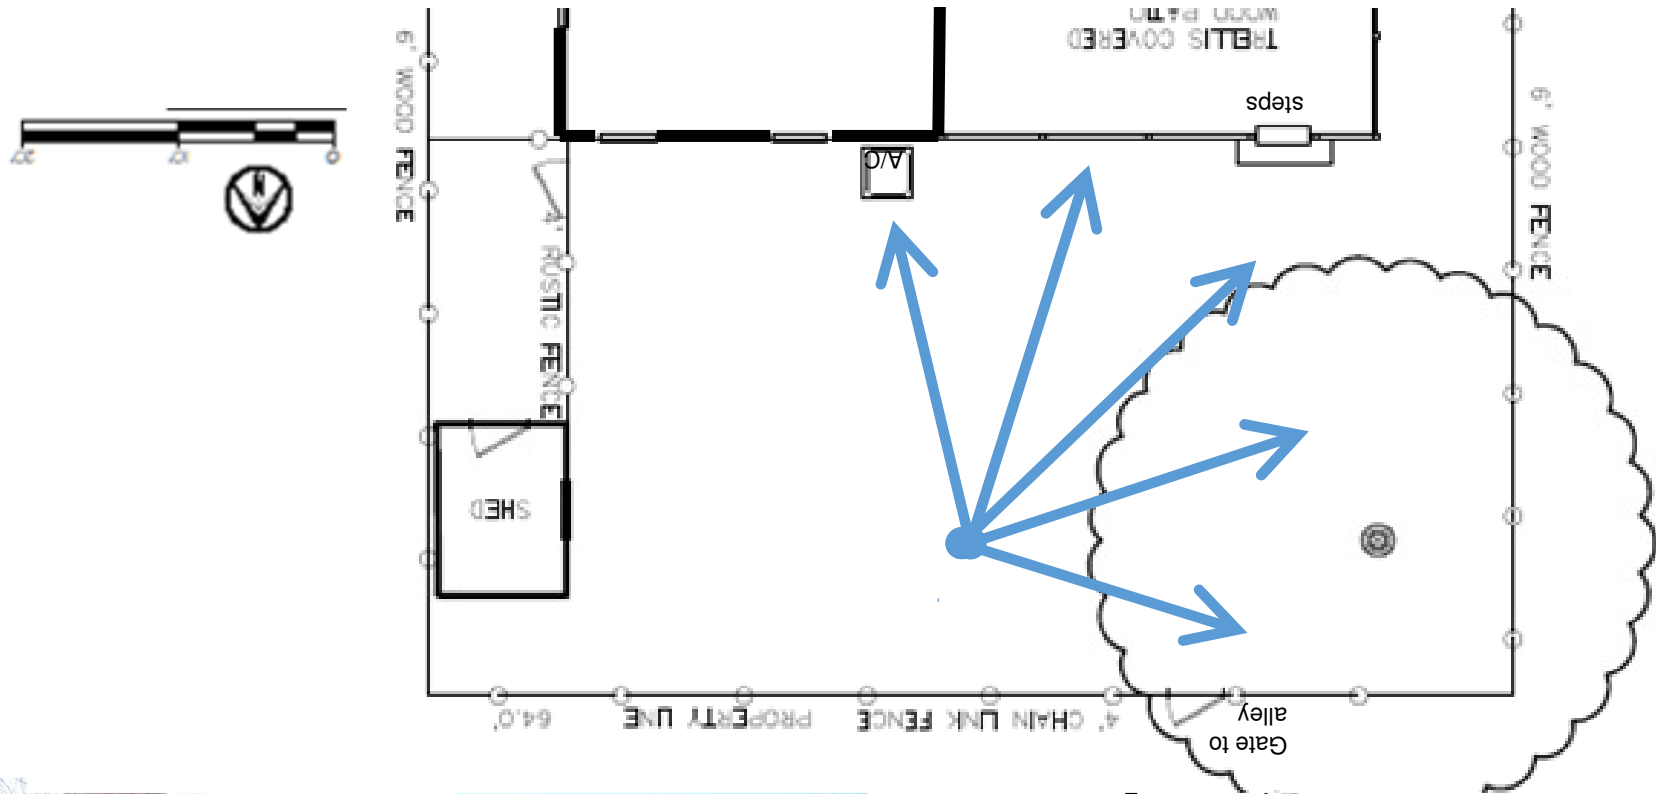

- Owners spend lots of time on the deck/patio area where they view local birds.
- Would like a small place to sit and have morning coffee in the landscape.
- Would like a water feature that provides water for birds.
- Husband stores tools in the shed and opens up the door and works in front of the open door of the shed.
- Want a path from the back yard to the front through the west side gate.

Front yard

- Attractive entry
- Mail person cuts across front to deliver mail, and owners would like to provide a path for them.
- Old tree – owner planted a replacement tree years ago. Owner not sure when to remove the older tree.
- Path from the back yard needs a matching end in the front.
